## **Mobility Ventures Appoints Arlan Harris as Venture Partner**

**November 15, 2011, Dallas, TX** – Mobility Ventures, a leading global venture capital and advisory firm, today announced the appointment of corporate executive and entrepreneur Arlan Harris as Venture Partner. Harris will serve as a member of the firm’s executive team and will work with new entrepreneurs and management teams focusing on security, communication technologies, applications & services, including social networks.

“Mobility Ventures helps entrepreneurs build leading companies by taking an active, hands on role. As we continue to expand our investments in such emerging technologies sectors including security, mobile commerce and social media, Arlan’s extensive technological expertise and solid business and strategic insight in cyber security, networking and converged communications will strengthen our ability to help entrepreneurs” said Roman Kikta, Managing Partner.

“The Mobility Ventures partners are a group of seasoned industry professionals who understand technology and how to build best in class companies, possessing a great passion for helping entrepreneurs. It’s an honor to be a member of a team that shares a common philosophy of serving the entrepreneur” commented Harris.

Arlan Harris is a veteran in the high-tech industry with more than 25 years of experience. Harris most recently was the Sr. Vice President and General Manager of 3Com’s Security subsidiary TippingPoint, Inc. the market leader in Enterprise Network Security Solutions. Harris is the Managing Partner of LifeGate Venture Capital and serves as a Venture Partner at Mobility Ventures focusing on security, communication technologies, applications & services, including social networks. He has also served as an Executive in Residence with Austin Ventures where he focused on emerging opportunities for converged communications. As a successful business leader he has created value for some of the world's largest organizations including Siemens Subscriber Networks the worldwide leader in DSL modems and Customer Premise Equipment where he served as the Senior Vice President and General Manager. He is also the past founder, president and CEO of a venture funded early stage telecommunications company Netensity.

## **About Mobility Ventures**

Mobility Ventures is a venture capital and advisory services firm. We have been a leader in Emerging Technology investing since our founding in 2004. We invest broadly across a range of areas including Wireless, Digital Media, Location Based Services, Mobile Commerce, Mobile Health and Telecommunications.

We are a selective hands-on firm. We invest in what we believe to be the category defining companies. With every investment, we aim to make a difference and to build enduring, significant institutions. We invest primarily in early stage and breakthrough ventures that have the promise to create new market opportunities.

Mobility Ventures is also global advisory firm that works with leaders to transform strategy into reality. We help our clients around the world develop market strategies, enter new markets, defend existing ones, improve performance, and profitably invest resources.
